FOUNDER'S WORD

Nasir Musabeh Ahmed Saif AlTejeij

AWTAD was built on the belief that quality and creativity should go hand in hand. From our beginnings in Sharjah to our presence across the region, our vision has remained the same: to build durable, beautiful, and innovative solutions that enrich everyday living.

GROUP OVERVIEW

Founded in 2002 in Sharjah, UAE, AWTAD Group has transformed into a diversified business specializing in aluminium doors, kitchens, interior solutions, and surface finishing services. With a strong manufacturing backbone and a customer-first approach, AWTAD has expanded its footprint beyond the UAE into key markets, including KSA, Oman, Egypt, Sudan, Nigeria, Niger, Qatar, Kuwait, Uganda, Angola, and Morocco.

We serve both residential and commercial clients, delivering projects for real estate developers, interior design companies, private villas, and VIP clients. With two decades of experience, AWTAD continues to combine craftsmanship, innovation, and sustainability to redefine modern living spaces.

VISION

Becoming the region's most trusted provider of innovative aluminium, kitchen, and interior solutions.

MISSION

Leading to deliver high-quality, sustainable, and customizable living spaces.

BUSINESS VALUES

Trust & Reliability:
Projects delivered on every promise with consistency and integrity.

Innovation & Modernity:
Embracing new technologies and designs to stay ahead.

Sustainability & Responsibility:
We build with a conscience, ensuring eco-friendly solutions.

Craftsmanship & Precision:
Every detail reflects our dedication to excellence.

Client-Centric Service:
Our clients' vision drives everything we create.

PRIMIUM KITCHEN

Modern, fully customized kitchen designs featuring super-durable powder-coated or wooden finishes, premium marbles and quartz surfaces, and high-end home appliances. Each kitchen is equipped with top-quality fittings and accessories, ensuring long-lasting performance and elegant aesthetics.

SUPER DURABLE DOORS & WINDOWS

Manufactured using rigid, high-grade aluminium alloys for superior strength and stability. Coated with super-durable finishes and fitted with premium accessories for longevity and performance.

Features include:

Feather-touch closing and soundproofing.

Available in pivot, hinged, and sliding mechanisms.

Door models: Classic Door, DH-45, DP-45, HPL Doors, DH-85, DP-85, DP-115.

Sliding windows and curtain wall systems designed for modern architectural needs.

All installations and maintenance are handled by trained professionals.

WASH COUNTERS, WARDROBES & INTERIOR SOLUTIONS

Tailor-made designs combining high-quality materials, accessories, and sanitaryware with premium mirrors and integrated illumination. AWTAD's interiors emphasize minimalist, functional, and elegant aesthetics, suitable for both residential and commercial spaces.

PERGOLAS & AUTOMATIC METALLIC GATES

Custom-designed aluminium pergolas and gates built from super-durable alloys and profiles. Coated with long-lasting finishes available in a wide range of colours.

Options include:

Automatic or manual swing gates.

Sliding gate systems.

Designed for durability, precision, and aesthetic appeal.

SUPER DURABLE POWDER COATING & WOODEN FINISH COATING

Comprehensive surface finishing services offering over 40 wood grain patterns and colour combinations. Processes include automatic powder application and chemical pre-treatment, all performed under QUALICOAT standards to ensure consistent quality, durability, and environmental compliance.

SERVICES

In-House Manufacturing

We maintain complete control of production to deliver consistency and reliability.

- Own facilities for precision and quality assurance.
- Timely production without dependence.
- Flexibility to adapt to project-specific needs.

Installation & Support

Our services extend beyond delivery with professional installation and ongoing care.

- Expert fitting by skilled technicians.
- Ensured functionality and seamless integration.
- Dedicated after-sales support and maintenance.

Custom Design & Engineering

Every project is unique, and our design team ensures solutions that fit exact requirements.

- Tailored concepts aligned with the client's vision.
- Technical precision from concept to execution.
- Balance of creativity and structural integrity.

Project Management

We provide comprehensive end-to-end project coordination to ensure smooth execution.

- Clear communication and progress tracking.
- Strict quality control at every stage.
- On-time handover with efficient resource management.

TEAM

Executive & Management

At the helm of AWTAD is a leadership team that sets the strategic direction of the group. With decades of experience in manufacturing, trading, and construction, they drive long term growth and ensure every project reflects the company's values of trust, quality, and innovation.

Technical & Production Team

The backbone of AWTAD, this team of engineers, designers, and craftsmen transforms concepts into reality. From aluminium fabrication to kitchen installations, their precision and skill guarantee flawless execution and enduring quality.

Quality & Compliance

Dedicated specialists ensure that every product and process meets ISO-certified standards and global benchmarks. Their role safeguards consistency, durability, and client satisfaction across all projects and markets.

Commercial & Support Functions

This dynamic team manages client relations, procurement, logistics, and day-to-day operations. By providing seamless coordination and transparent communication, they ensure projects are delivered efficiently and on time.

FUTURE OUTLOOK

AWTAD is committed to continuous growth and innovation.

- Enhancing operational efficiency with modern manufacturing technologies.
- Diversifying our product portfolio with advanced finishes and designs.
- Building stronger brand recognition through strategic partnerships with industry leaders.
- Planned Expansion, strengthening our teams in Saudi Arabia & Qatar to AWTAD's regional growth.

“

**Distinct Design,
Everywhere**

SUSTAINABILITY FACTOR

Our commitment to sustainability is not an afterthought; it's built into every project we deliver, in harmony with Dubai's 2030 Vision.

- **Energy Efficiency** – Implementing smart systems that reduce energy consumption.
- **Responsible Materials** – Prioritizing eco-conscious sourcing and low-impact finishes.
- **Sustainable Construction** – Minimizing waste, maximizing resource efficiency, and reducing carbon footprints.
- **Future-Ready Design** – Creating adaptable solutions that serve communities.
- **Aligned with Dubai 2030** – Supporting the UAE's path toward a green, innovative, and resilient future.
